Aramis Antonio Jakolic

Barcelona, España | +34 604887908 | ajkdwb@gmail.com | aramisjakolic.com | linkedin.com/in/aramis-jakolic

Professional Summary

Dedicated Programmer with hands-on experience in database management and web development using Python, JavaScript, HTML/CSS, MySQL, and SQL Server. Skilled in optimizing data processes and building user-friendly applications, as demonstrated in projects showcased at aramisjakolic.com. Proven ability to collaborate effectively in local and remote settings, delivering technical solutions that enhance efficiency and functionality. Seeking a Programmer role to contribute technical expertise and drive innovative software development.

Technical Skills

- **Programming Languages:** Python, JavaScript, HTML5, CSS3
- **Databases:** MySQL, SQL Server
- **Tools:** Git, Visual Studio Code
- **Soft Skills:** Problem-solving, teamwork, effective communication, attention to detail
- **Languages:** Spanish (Native), English (Fluent)

Work Experience

Database Management Collaborator *Local School, Barcelona, España* September 2022 – June 2023

- Designed and maintained a student database using Python and MySQL, streamlining record management and reducing data retrieval time by 25%.
- Developed scripts to automate data entry and validation processes, improving accuracy and saving 10 hours weekly for administrative staff.
- Collaborated with school staff to implement user-friendly interfaces for database access, enhancing operational efficiency.

Remote Developer *TechBit Solutions, Bogotá, Colombia* January 2023 – Present

- Contributed to web application development using JavaScript and HTML/CSS, improving user experience for a client-facing platform (view projects at aramisjakolic.com).
- Wrote Python scripts to automate data processing for client reports, integrating with SQL Server databases, reducing processing time by 20% and ensuring data accuracy.
- Worked remotely with a distributed team, using Git for version control to ensure seamless code integration and collaboration.

Education

Degree in Computer Science *University of the Andes, Mérida, Venezuela* 2015 – 2019

- Completed coursework in programming (Python, JavaScript), web development, and database management (MySQL, SQL Server).
- Developed a portfolio project (aramisjakolic.com) showcasing web applications and automation scripts.
